Indigestion Loss of Strength And Appetite.

The testimony of Mr. R. Dennis, Adelaide, South Australia, who was cured by Ayer's Sarsaparilla, is like unto that of many thousands of others. He writes:

"It is with very much pleasure that I testify to the great benefit I received from using your wonderful blood-purifier. I was a sufferer for years from indigestion, loss of strength and appetite, and constipation. My whole system seemed to be thoroughly out of order. A friend finally told me to take Ayer's Sarsaparilla. I followed his advice, though feeling discouraged at the fruitless results of other treatment, and I am thankful to state that a few bottles completely cured me."

The medicine that has cured others will cure you.

JAPANESE STEAMER

ARRANGEMENTS NOW RAPIDLY NEARING COMPLETION.

Traffic Agreement Said to Have Been Made With Southern Pacific Company-The President of the Line.

NEW YORK, March 15.-President Asano of the new Oriental Steamship Line, which is to ply between Japan and the United States, was in the city yesterday. Mr. Asano has been in Europe looking after the business of his company. He was accompanied by H. Kobayashi and A. Kondo, business associates. It is learned that while here he consulted with Charles H. Cramp, the well known shipbuilder, and various railroad officials, regarding the traffic connections. Mr. Asano has been negotiating with the Santa Fe line for a traffic arrangement, but this is said to have failed.

Saturday night Mr. Asano dined with Collis P. Huntington and talked the matter over with him as far as Mr. Huntington's road, the Southern Pacific, was concerned. It was said yesterday that a traffic arrangement had practically been agreed upon between the Southern Pacific and the new Oriental line. The Southern Pacific has access to the harbor of San Francisco.

President Sechiro Asano of the Toyo Kisen Kaisha Steamship Company of Japan, arrived in San Francisco with several high officials of his firm from Yokohama July 28, 1896. He had sev-Commerce, the Southern Pacific Railroad officials and other prominent persons regarding the terminal port for
his proposed line of steamships to ply
between California, Oregon or Washington and Japan. The question most
important with Mr. Asano was if his
line, a competitor of the Pacific Mail
and its sister corporation, the Oriental
and Occidental Company, would be
fairly treated by the Southern Pacific fairly treated by the Southern Pacific railroad? The Japanese, in a conversation with Irving M. Scott, said that need twelve new first class vessels and intimated that a portion of this number would be constructed in San Fran-

After thoroughly acquainting himthis port as a terminal, President Asano visited San Diego, and finally went East to consult with Mr. Huntington and the heads of other traffic
